# FREE LOOK PERIOD

The Free Look Period shall be applicable on new individual health insurance policies; it shall not be applicable to renewals or when a policy is ported or migrated.

Following receipt of the policy document, the insured person has thirty days to review the terms and conditions and return the document if they are not satisfactory.

If the insured hasn't filed any claims during the free look period, they are entitled to:

Refund of the premium paid, less any costs incurred by the company for the insured person's medical examination and any applicable stamp duty fees

If the risk has already commenced and the insured person chooses to return the policy, a deduction will be made from the proportionate risk premium for the period of coverage

If only a portion of the insurance coverage has commenced, the proportionate premium should be in line with the insurance coverage for that time period

# CUMULATIVE BONUS

If you renew your policy with us without any breaks and if there is no claim in your current policy, then you will get 25% of cumulative bonus for every claim-free policy year, maximum upto 100%. However, this bonus doesn't apply to claims made under OPD treatment, wellness benefits, screening, or vaccination.

If you make a claim in any specific year, the bonus you have earned will be reduced at the same rate at which it has been accrued. But the sum insured will remain the same throughout the policy year.

## Notes:

- a. If the policy is individual, the cumulative bonus will be added and made available to the insured person on an individual basis if no claims have been made. Only when the same insured person makes a claim will the cumulative bonus be reduced.
- b. If the policy is a floater, the cumulative bonus will be added and made available to the family on a floater basis, provided that no family member has filed a claim. If any insured person makes a claim, the cumulative bonus will be reduced.
- c. The cumulative bonus will only be given if the policy is renewed and the premium is paid within the grace period.
- d. The cumulative bonus to be carried forward for credit in such renewed policy shall be the one that is applicable to the lowest among all the insured persons on the expiring policy. If the insured persons on the expiring policy are covered on an individual basis as specified in the policy schedule and there is an accumulated cumulative bonus for such insured person under the expiring policy.
- e. For floater policies, the cumulative bonus of the expiring policy must be divided among the renewed policies in proportion to the sum insured of each renewed policy when the insured person renews their expiring policy by dividing the sum insured into two or more floater policies or individual policies, or when the policy is split because the child has reached the age of 25.
- f. If the sum insured has been reduced at the time of renewal, the applicable cumulative bonus shall be reduced in the same proportion to the sum insured in current policy.
- g. If the sum insured under the policy has been increased at the time of renewal the cumulative bonus shall be calculated on the sum insured of the last completed policy year.
- h. If a claim is made in the expiring policy year and is notified to us after the acceptance of renewal premium, any awarded cumulative bonus shall be withdrawn.

# CUMULATIVE BONUS BOOSTER

- a. The insured person would receive a flat 100% increase in the sum insured on a cumulative basis as a cumulative bonus booster (which is over & above the sum insured accrued as cumulative bonus), for each completed and continuous policy year.
- b. In any policy year, the accrued cumulative bonus booster shall not exceed 500% of the sum insured available in the expiring policy or renewed policy, wherever sum insured is lower.
- c. The accrued cumulative bonus booster is unaffected by claims, but there won't be any more 'Cumulative Bonus Booster' the following year.
- d. Claims under Screening and Vaccination, Wellness Benefit and OPD treatment shall not be considered.
- e. The cumulative bonus booster under the expiring policy will be lost if the policyholder decides not to renew this optional benefit at the time of policy renewal.
- f. Restoration of the sum insured shall not be considered while calculating 'Cumulative Bonus Booster'.
- g. Cumulative Bonus Booster will be available to each insured person, if the policy is issued on an individual basis.
- h. If the policy is issued on floater basis, then the cumulative bonus booster will be available on floater basis for all insured persons in the family.
